XBRL – WHAT'S NEW IN EUROPE ?

▶ Present

- XBRL Panorama extends widely in Europe
- European Authorities (EBA, EIOPA, ECB, NCAs & MS) consolidated/extended projects in supervised/non supervised sectors.
- XBRL identified by European Commission as a specification that can be referenced in European public procurement – January 2016
- Interconnexion of EU Business registers 1st steps

XBRL – WHAT'S NEW IN EUROPE ?

▶ Future

- ESMA will announce decisions end of 2016, XBRL experts hired by ESMA. ESMA → Major XBRL development coming years (likely: iXBRL)
- New projects (Anacredit ECB, banking, etc.)
- New SBR projects in various countries
- Interoperability of standards and integration of reportings are the future XBRL development. Enlargement of the XBRL scope?

Thank you – Questions
